## FAN TRAIN TO CALDWELL FRIDAY

The proverbial thin air is not the only thing upon which should fall the warnings which annually come at this time of the year from watchful family physicians and public health officers. It would pay all to heed them and heed them well.

During the changeable days of autumn people should be careful in their habits. Influenza in epidemic form can make its appearance with startling suddenness under the proper combination of atmospheric conditions and human carelessness. And the common cold thrives on the same sort of combination.

Certain rules are almost essential in fall and winter if one is to escape these ills, which are always annoying and often serious. These simple rules are: dress sensibly, eat carefully, sleep regularly and make sure body poisons are being thrown off properly. Where body resistance is strong weather changes are not to be feared.

No other three human maladies cause as much discomfort and economic loss as influenza, gripe and colds. Through them millions of production days are lost between November 1 and June 1, virtually every employed man and woman are losing at least one day's work a year because of one or the other of them.

Could medical science exterminate the germs responsible for these human disorders, it would thereby bestow upon mankind the greatest of all benefactions. But while waiting for this long hoped for benefaction the public should make the fullest use of known methods of prevention.

Where are the winter whiskers of yester year? Like the snows of that lamented period, they have vanished. They no longer have a purpose to serve, and practical mankind has discarded them.

Whiskers were formerly worn for their decorative effect—to conceal weak mouths and chins, to lengthen a short countenance or widen a long one, to give a dignified appearance, or, as scanners of old albums, merely to make the wearer look funny.

But they were also worn, by many who were above the vanity of caring about what the mirror told them, to keep the face warm. About October 1 an outdoor man would lay aside his razor, and soon he had a fine thick coat of fur between his skin and the weather. Out all day in the wintry storms, he might come home festooned with icicles, but the chin and cheeks inside were unfrosted, to emerge pink and fresh in the spring.

We now require no whiskers for face protectors. Our faces are, for the most part, indoor faces. And, when we take them out of the house, we still keep a wall of steel and glass about them. The automobile sedan body, with heater, is a man's winter whiskers today.

Montreal and a number of other Canadian cities, from which we might learn a great deal concerning the handling of a fboth large and small matters of government, have enacted ordinances which make liable to a jail sentence any motorist who deliberately splashes a pedestrian.

Unfortunately, there are such motorists, just as there are motorists who crowd other motorists off the highways at the risk of their lives, who take a strange delight in causing terror-stricken pedestrians to flee from their paths, who in a hundred ways are a menace to safety on the highways.

The driver who steps on the gas when he sees a pedestrian near a puddle is usually a low order or moran, but there is no important reason why his intellectual limitations should interfere with his effective control.

Montreal's ordinance, accordingly, is a step in the right direction. This particular offender is a contemptible sort of creature whom the United States courts, too, would do well to control.

### MYSTERY IS UNSOLVED

Mystery surrounding the weird attack on Rev. J. A. McRae, Baptist minister, who was beaten by three men and laid upon the rails of the Southern Pacific lines near Rockdale on the night of September 17, deepened here today with the release of three men held in connection with the crime.

One of the men held in the Milam county jail was placed under arrest by Sheriff Kennedy on request of Lee county officers, but released on information telephoned here the following day. Two other men held at Giddings were also released.

#### No Arrests

So far no arrests have been made other than these. Rev. McRae, beaten almost to death, was laid across the rails. In some manner he cannot explain his body was off the tracks when the train came along but one arm was severed. He is in the Cameron Hospital and will recover.

Rev. J. T. McRae, 46 year old New Salem minister, was attacked. (Continued on page 12)

### YOEMEN TAKE FIRST GAME OF SEASON

Cameron Yoemen defeated the Marlin Bullogs here Friday night in the first, non-conference game of the season by a score of 19 to 0.

Both the Yoemen and Marlin boys played scrub football throughout the game. The punting, passing, play timing, and offensive work was the poorest that Cameron fans have witnessed in many years.

#### Yoemen Score

The Yoemen made one touchdown in the first quarter but failed to kick goal for an extra point. In the second quarter it was an even break for both teams. The Yoemen scored two touchdowns in the fourth and kicked one goal.

#### Poole Stars

McLean and Peck led the Yoemen back field while Luther Poole was the key to the Yoemen line.

Cohn and Sudbury were the two most outstanding players on the Marlin team.

### J. H. Sapp Critically Ill at Home Here

J. H. Sapp, prominent Cameron citizen and former undertaker for the C. N. Green Bros. firm here, lies critically ill at his home from typhus fever. He has been ill for 12 days.

Mrs. C. M. Deadwyler, daughter, and Clarence Sapp, son, of Houston; Henry Sapp, son of Galveston; Thomas Sapp, a brother and Mrs. Bessie Weaver, a niece, of Rosebud, and Miss Mae Griffith, grand daughter of Houston, are in Cameron awaiting the outcome of Mr. Sapp's condition.

Mr. Sapp's condition was unchanged Wednesday morning with a crisis weathered on Tuesday night when physicians held little hope for his recovery.

### Deputy Sheriff Is Placed In Jail At Thorndale Tuesday

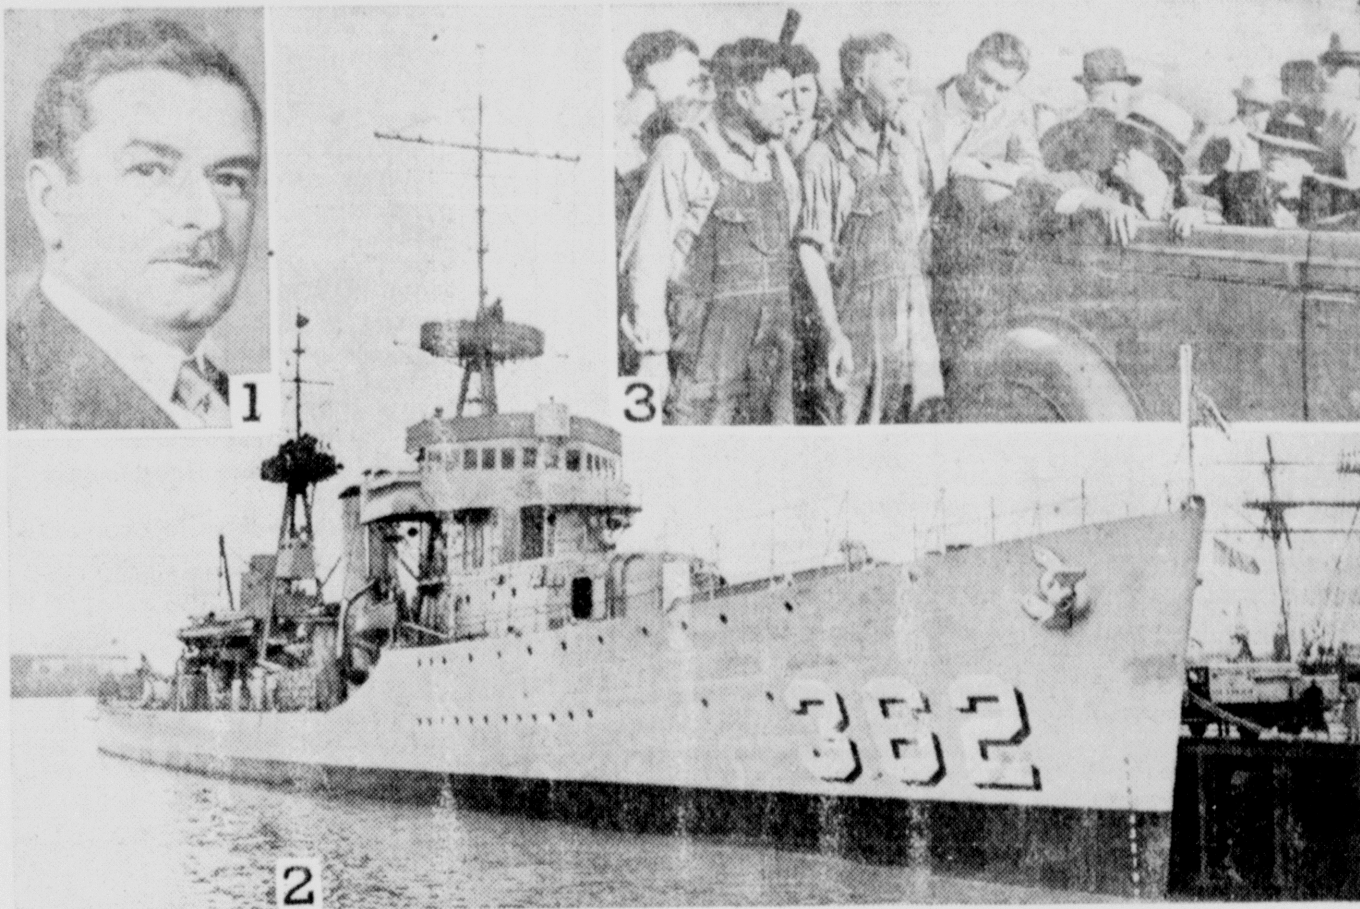

Sheriff Kennedy reported to the Herald Wednesday morning that he had placed under arrest and in jail at Thorndale Luther Allen, Travis County deputy sheriff, and a companion Herbert Miller of Austin.

Allen was charged with driving an automobile while drunk, and with misdemeanor. Deputy Sheriff Clarence McCall was with Sheriff Kennedy when the arrests were made.

#### On Rampage

Sheriff Kennedy said that Allen threatened Constable Fred Gant at Thorndale with firearms and Milton Cuipepper of Cameron and destroyed \$23 worth of liquor at a Thorndale package store and disturbed the peace in general. Deputy McCall said both men were drunk.

### Scenes and Persons in the Current News

1—Maurice Duplessis, leader of the Conservative party that routed the Liberals in the Quebec province election and who becomes premier. 2—New United States destroyer Moffett at the Boston navy yard where it was officially accepted by the navy. 3—President Roosevelt getting first hand information about the drought from some farmers at Beaver Creek, N. D.

### Big Cat

HOMER PEEL

Cameron fans saw this old Comet perform Sunday. It is a long trail back to the Homer Peel of Comet days. He has been in the big show, a world series, and now manager of the Fort Worth Cats, in the Texas League. He obliged Manager Lawrence of the Iciers and played in the game Sunday, driving in the winning runs with an old time wallop over the fence.

### Green & Boedeker Announce 4 Days Of Bargains Here

Four big days of merchandising at their big stores in Cameron with a sweep of bargains that defy advancing prices, is announced by Green & Boedeker for Thursday, Friday and Saturday of this week and Monday of next.

"This is a whale of a sale," said Leland Green, Jr., in charge of the food stores. "This sale has in it possibilities the best saving opportunities of the year. We have made special preparation for this event and will give the people the best values of the year. They say food prices are getting higher in other places. Our tremendous buying power enables us to give better prices than the average merchant and we always pass these along to our great family of consumers."

Not only does the sale include values in the food store but in the hardware store as well.

### Devers Improving; May Soon Return To His Office

Information reaching the Herald late Wednesday indicated that R. A. Devers, county treasurer, was slightly improved and hopes were entertained he may soon recover.

Mr. Devers has been suffering from mental illness.

### MYSTERY AROUND HIGHWAY DEATH

One negro youth was killed and two seriously wounded on the Lexington highway a few miles out of Thorndale Sunday night.

The youths had been walking on the highway in the direction of Thorndale when they decided to lay down on the side of the road and sleep until morning. A few hours later the youths were found on the highway, one dead and the other seriously wounded.

#### Said Negro Shot

One of the youths said the dead

negro had been shot and gave Sheriff Kennedy and Constable Gant the names of the accused slayers. He also told the officers of the place where the slayers had secreted the gun.

#### Killed By Car

An examination of the body showed that the negro had not been shot but had been struck behind the ear with some object.

Sheriff Kennedy, after investigating the case, states that he thinks the negroes were struck by an automobile while asleep.

### Boy 9 Kills Father In Farm Cabin

Ernest Kellog, 9 year old negro boy, has confessed to District Attorney Emory B. Camp that he shot and killed his father, Ernest Kellog, Sr., 45, on the Thomas farm near Walker's Creek early Sunday morning.

The shooting occurred at 3 a. m. Sunday after the family had quarreled for several hours at their cabin home. Deputy Sheriff Clarence McCall and Justice Womack Brashear went to the scene of the shooting where an inquest was held. Kellog was shot in the neck with a shotgun. The mother of the boy was held in jail but the son has confessed the murder.

#### Tells Reasons

The boy told Sheriff Kennedy he shot his father after he had quarreled with the family and attempted to beat his sister. When the father sought to attack his sister, the boy said he got the shotgun and opened fire.

### BUY THAT PASS

The Herald has been asked to voice a special appeal to the people of Cameron to rally to the support of the Yoemen by purchasing season tickets for the 5 remaining football games here.

The Athletic Council reports sales this year are not up to the usual record and that it will be necessary for a large number to be purchased if proper support is realized for the team. The tickets have been reduced to \$2 for adults and \$1 for students, one game having already been played off the schedule.

The committee will make another canvas. A pass at \$2 will give the purchaser five big games at an average of 40c per game. If straight admission prices are paid the five games will cost \$2.50, thus it will be seen that a saving of 50c is effected and the needed support given the team.

### Hall of Fame Will Feature Photos Of Past Football Men

A Hall of Fame is sought for the new Gymnasium and Coach Carol Wood has made an appeal to the people of Cameron to contribute pictures of past football teams.

These pictures are to be hung on the walls of the gym and thus preserved as mementoes of past gridiron glory. If you have a picture of a football team of the past, dig it up, dust it off and send it to Coach Wood for the Hall of Fame.

This request on the part of Coach Wood is a commendable gesture and should find instant co-operation among the people of the city.

### "Anthony Adverse" Literary Classic October 4 and 5

Hervey Allen's monumental literary classic, "Anthony Adverse," brought to the screen with all its wealth of color and dramatic fire, has been booked by the Cameron Theatre (Continued on page 12)

### YOEMEN CLOSE WITH ANCIENT RIVALS IN BURLESON BATTLE

A fan special to Caldwell on Friday night has been chartered by the Athletic Council. The train, to be run over the rails of the Santa Fe, will leave Cameron at 6 p. m. A stop will be made at Milano.

#### Play Caldwell

The occasion of the special train is the football game between Cameron and Caldwell, ancient gridiron rivals. It is the second immersion of the Yoemen for the season. They go with victory chalked up against Marlin. The Caldwell Hornets have a loss to Yoakum and are expected to be stinging mad when Coach Wood's Yoemen trot out on the old battle ground of Burleson county Friday night.

#### 600 Passengers

The goal has been set at 600 passengers, according to A. J. Triggs, author of the hand bill directed to arouse the fans to follow the Yoemen. By special arrangement with the police department here, all cars parked at the Santa Fe Depot will have the advantage of protection. The train will arrive in Cameron around 11 p. m.

### At The THEATER In Cameron

By C. W. GJEDDE (Continued from Page 1) HIS BROTHER'S WIFE

"His Brother's Wife" is the title of the daring picture coming to the Cameron Theatre Friday and Saturday September 25 and 26 with the attractive co-starring team of Barbara Stanwyck and Robert Taylor.

The play of human emotions under tremendous strain has seldom been more powerfully drawn on the screen.

Robert Taylor, right now the screen's most popular young star of the masculine ranks, has a daring role that he portrays with the daring it demands. He appears as a scientific explorer who falls in love with a beautiful red-headed girl on his last fling in civilization.

His brother urges the boy to forget the girl and carry on with his expedition. He agrees and in his rebellion the girl marries the brother. Returning from the jungle the fever-haunted explorer finds himself in love with his brother's wife.

It would not be justice to reveal the climax but you may be assured that Taylor takes the girl back into the jungle with him. And there, in a desperate struggle against the mysterious forces of nature, he saves her life and wins her love. Barbara Stanwyck gives a delightful performance. Jean Hersholt, as a veteran adventurer, is essentially himself, and another outstanding portrayal of villain is offered by the suave Joseph Calleia.

#### "HALF ANGEL"

"Half Angel," the thrilling story of a "sorry girl" jinxes the lives of those who love her, comes to the Cameron Theatre Tuesday and Wednesday, September 29 and 30, with Frances Dee, Brian Donlevy and Charles Butterworth in the featured roles.

A glorious blending of laughter and mystery, romance and comedy, suspense and thrills, "Half Angel" was directed by Sidney Lanfield, with Helen Westley, Henry Stephenson and Sara Haden also prominent in the cast.

#### "TO MARRY—WITH LOVE"

A story that strikes deep and sure at love today, comes to the Cameron Theatre Sunday and Monday September 27 and 28, in the Twentieth Century Fox picturization of Richard Sherman's sensational successful novel of modern romance, "To Marry—With Love."

Warner Baxter and Myrna Loy, together for the third time cinematically, are co-starred and their performance is a masterpiece. (Turn to page 3)

## Yoemen Win To Keep Up Season's Opener Tradition

Yoemen kept up the winning streak for the season's opener here Friday, defeating Marlin Bulldogs 19 to 0. The victory was not impressive. Both teams were shaky, but the Yoemen looked better than pre-season forecasts. They go to Caldwell Friday night. The play by play report:

## OLD STARS SHINE IN COMET VICTORY HERE

Graduates of the semi-pro diamonds of Central Texas came back home here today to lead the Cameron Icemen to a 4 to 2 victory over the Temple Surgeons and square the Heart O' Texas league title series at two games each.

With four professional players in the line and contributing heavily, it was a hard fought game which the two teams staged.

### Shelley Hits Hard

Harry White, Bartlett product, and a hurler with a national semi-pro championship outfit, worked on the hill for Cameron, giving up eight hits, one a home run by Temple's mighty Swede Lind.

Hubert Shelley, former Beaumont star and this season with the Fort Worth Cats, played center field for Cameron, getting two doubles and a single and crossing the plate with two of the Icer markers. Homer Peel manager of the Fort Worth Cats, played left field. He formerly was with the New York Giants.

### Zoch Hurls Well

Shelley is a Rogers product and Peel is from Cameron.

Ben Zoch, Temple hurler, gave up eight hits and found Shelley and Potsey Allen his toughest rival batsmen. Allen cracked out three singles just behind Shelley's hitting, to drive in three runs for the Icemen.

Temple had the misfortune of not being able to bunch its hits as effectively as the Icemen. Morgan, Jan-

sing and Lee each got doubles for Temple while Lind's home run came with no one on base.

### Signing Up Cats

The game was played in the first time of an hour and 20 minutes with both clubs hustling and playing jam up baseball. Only one error was chalked up in the game, that being credited to Evans, Temple third-baseman.

The Cameron manager declared after the game that he will have an even stronger team for next Sunday when the two teams clash in Temple in the fifth and deciding game. He expects to have Jackie Reid, Fort Worth Cat hurler as pitcher, and will bring in Charley English, probably the best infielder in the Texas league, to play second base, he said.

## Get Rid of Poisons

Produced by Constipation

A cleansing laxative—purely vegetable Black-Draught—is the first thought of thousands of men and women who have found that by restoring the downward movement of the bowels many disagreeable symptoms of constipation promptly can be relieved. . . Mr. J. P. Mahaffey, of Clinton, S. O., writes: "I have found that Black-Draught is very effective in the cleansing of the system. When affected by the dull headache, the drowsiness and lassitude caused by constipation, I take Black-Draught."

## Man's \$1,550 Bonus, Lost by Wife, Found

White Plains, N. Y.—A bundle of veterans' bonus bonds worth \$1,550 was found by a janitor in a rubbish pile in the basement of a Main street department store. The bonds had been lost several days before by Mrs. Walter C. Elder, of White Plains, while she was shopping. They were returned to her husband.

## G-MEN GET CROOKS AND CROOKS' SWAG

Recover Loot Totaling \$34,000,-000 in Year.

Washington.—The G-men not only get their crooks, but get the crooks' swag as well. According to J. Edgar Hoover, director of the federal bureau of investigation, the bureau during the year ended on June 30, recovered loot totaling \$34,708,815.

Hoover pointed out that the expenses of his bureau amounted to about \$5,000,000 for the year. Thus, he said, "for every dollar which was spent for the operating costs of the bureau during the year approximately seven dollars was secured for the government or individual citizen in property recovered or savings effected."

Hoover said that 3,905 persons were convicted in cases investigated by his agents, and convictions were obtained in 94.35 per cent of the cases which went to trial.

"The bureau," continued Hoover, "has solved every kidnapping case in which it has performed investigative work, with 31 life sentences, four death sentences, and other sentences totaling 2,113 years being given offenders. Three culprits committed suicide, five were killed, six died by murder at the hands of their gang members, and two were lynched."

"Due to the activities of the federal bureau of investigation in bank robberies, insurance companies have recently reduced bank insurance 20 per cent in 35 states."

He added that seventy-three persons were convicted for bank robbery during the year. Also, the bureau's agents found 1,089 federal fugitives from justice, and through finger prints helped find 5,731 other fugitives. They also recovered 2,496 stolen cars.

## Spy for Russia in War

Prefers Life in Britain

London, England. — One of the most daring international spies of this generation is turning into an ordinary middle-aged Englishman, a retired colonel with no more excitement in his life than his garden and his radio.

He is Col. Victor Konstantine Kaledin, late of the Russian Imperial Ataman guards, who has, during his career, acted as a secret agent for Germany, Russia, Italy and Holland. He is an inconspicuous householder in the village of Ilfracombe, and in a few weeks he will be a naturalized British subject.

Kaledin speaks fifteen languages, and it was on account of his linguistic ability that he was asked to join the Russian intelligence department. He was sent as a spy into wartime Germany. After the war, when the Russian revolution made it impossible for him to return to his own country, Colonel Kaledin worked for various secret services.

He has been seriously wounded eight times. Three attempts were made on his life by White Russians.

## Bathers Admire Floating

by Man; Find He's Dead

Manassquan, N. J.—Bathers stood in the surf here admiring Charles Ripley's ability to keep afloat for ten minutes without a kick or a stroke. Presently the sea washed him into the churned-up undertow and they realized he was dead.

He was brought ashore and attempts were made for an hour to resuscitate him. Dr. Albert F. Schmidt attributed his death to a heart attack, apparently caused by exertion.

Mr. Ripley, who was fifty-four years old and lived at Morristown, N. J., came here with his wife on his vacation. He donned his swimming clothes at his cottage at 409 Beach Front and swam out about 200 yards. He was almost back to shore when he died.

## Horse's Odd Death

Dunnigan, Calif. — Psychologists are wondering if a horse can die of fright. An eight-year-old girl was riding a horse between whom a real affection existed, when she fell off. The horse took a few more steps and fell dead.

New Castle, Va.—The keeper of the Potts mountain fire tower was "treed" in the tower all night by a big black bear.

## MATOCHA SAYS BALLOT WILL BE READY SOON

B. P. Matocha, Secretary of State, reassured county judges Friday that they would receive sample election forms in ample time to have their supplies printed before the general election November 3.

Some judges had expressed concern over their failure to receive anything thus far. Matocha said his department expected to have the sample ballot and other forms in the hands of the county officials by October 1.

The last candidate to file was Ernest W. Clemens of San Antonio, republican nominee for congress. With his filing, 16 of the 21 democratic nominees for the national house had opponents.

Secretary of State Matocha informs us that with these forms will be included all such necessary information as is needed for the purpose of conducting the election in accordance with the law.

## 26 FELONY BILLS IN GRAND JURY REPORT

The September grand jury in district court quit Friday with a perfect batting average on crime. The body returned 26 felony indictments and none in the grade of misdemeanor. Two murder indictments led the list of findings. The report is as follows:

The Grand Jury for the above term of said court beg to report that we have been in session 9 days and during said period of time we have examined 158 witnesses, and during all of our deliberations we have found 26 true bills of indictment, 26 being of the grade of felony and none being of the grade of misdemeanor.

### Jail Needs Repairs

We, the Grand Jury, inspected the county jail, in accord and with the instructions given us by the court, and found it in very bad condition. We have recommended to the Commissioners Court that certain repairs be made in the jail. We have recommended that the Sheriff be more cautious in the handling of prisoners. We have recommended to the Sheriff that visiting days be fixed and visitors allowed only these designated days. We have further recommended to the Sheriff that he not allow visitors to go to the second floor of the jail, but that all visiting be done in the ante-room on the first floor.

### Court House Good

We would further report to the court that we have inspected the court house and find the same to be in good condition. We earnestly urge that the Commissioners Court continue to keep the court house in good condition.

We desire to thank the various officers and court officials for their co-operation with this body and for the many courtesies extended to us. Having completed our labors, we ask that we be finally discharged.

Respectfully submitted,

M. E. Ashley, foreman of the Grand Jury.

Attest: John Meyers, Secretary.

### Indictments

### Rattle in Auto Is

#### Real; It's a Snake

Rochester, Ind.—Dee Shuman has finally learned the cause of a "rattle" in his auto.

Shuman, employed in a bakery here started his car to go to work when he heard the "rattle" directly under the driver's seat. Lifting the seat he found a rattlesnake coiled and ready to strike. Shuman killed the snake, which measured thirty-eight inches long and had twelve rattles.

## BATHERS BUFFALOED BY BATTLING BASS

### Fierce Fighting Fish Finds Its Fatal Finish.

Ely, Minn.—A black bass recently embarked on a "one fish crusade" in Burnside lake near this city. For nearly four hours the fighting fish was successful in holding his ancestral waters against the attack of bathers who had hung their clothes on a hickory limb.

Apparently Mr. Bass decided that his tribe had suffered enough wrongs at the hands of anglers, and fortified in his stronghold under the dock viciously attacked anyone who entered the water. The tourists, considerably frightened, were willing to concede possession of the lake to its rightful owner. The mere twiddle of a toe or the swish of a finger brought the battling bass to the attack and sufficient speed was not exercised in withdrawing the submerged extremity, the fish scored a casualty.

Minnows, spoons and spinners, dangled before him failed to produce results. The fellow was in a fighting mood, and not hungry. At last strategy was brought into play on the watery battlefield.

A hook, attached to a short line was tied to a wooden float. A tourist gingerly inserted his finger in the water beside the hook. With incredible speed the fish attacked. The owner of the finger toppled into the lake, onlookers retrieved the float from which the fish was dangling, and a three pound bass was served for dinner shortly afterwards.

### Dolls Stuffed With Gold Smuggled Out of Japan

Tokio.—The smuggling of Japanese goods into China was given a new twist with the revelation that gold bullion was being stuffed into dolls and sent to Shanghai for sale at a higher price than was paid for it here.

Police who arrested seven alleged smugglers said that several hundred thousand dollars in gold had been smuggled out of Japan.

In this smuggling case Japanese authorities moved alertly, showing none of the disinterest which they have demonstrated in the face of protests from other powers that north China was being flooded with illegally imported Japanese merchandise. There is a strict embargo on gold bullion exports.

The dolls reached Shanghai after a circuitous route through Corea and Manchukuo. The seven alleged smugglers were arrested here and in Osaka. The leader of the band, reputed to be a Chinese who hid his real identity even from his associates, was not apprehended.

### Surgeon Saves Life of Fawn With Broken Leg

Sault Ste. Marie.—Dr. Max M. Peet, chief surgeon at the University hospital, Ann Arbor, used his skill to save the life of a deer fawn at Munuscong state park recently. Dr. Peet was vacationing in the park when the fawn, which apparently had been attacked by a dog, was brought to him by Conservation Officer Joseph Hill, of Pickford. Its left hind leg had been broken seriously, the bone protruding through the flesh.

Producing his surgical kit, the surgeon cleaned and scraped the bone and applied the proper dressings and splints, and at latest reports from the park superintendent his patient was recuperating in good shape.

### Married to His Mother; Mistake Is Corrected

Paulsboro, N. J.—Patsy De Padova, twenty-seven, was an excited bridegroom when he dashed into the office of Mayor James A. Wert. "Mayor, you married me to my mother," Patsy exclaimed. "Impossible," said the mayor. "Well, look at this marriage certificate."

Investigation revealed the mayor had written the name of Patsy's mother on the marriage certificate instead of that of the bride, Mary Schiavo, twenty-five.

## EVERYBODY YELL!

Two boys and girls are on the platform in front of the student body. They are urging the pupils, young and old to "Yell! Yell! Yell!" The young girl shouts, "Come on, everybody. Let's give three for the football team." She claps her hands "One, two, three." The impending noise suddenly bursts forth from the throats of the student body. Five hundred voices echo through the auditorium, "Hip-hip-hooray! Hip-hip-hooray! Team-m!"

So once again begins our football season and our school year. Are we going to show the animation, the enthusiasm, in our pep rallies, in our sports, in our studies, in our friendships that we should show? Will we all enter wholeheartedly into the school activities looking toward a happier year than we have ever spent in Yoe High school. Let's try!

## Yoemen Slow In First Game With Hard Time Ahead

The meager Yoemen football team of which great things are expected this year, failed to show much speed in its opening game with Marlin Friday night.

Although the defensive line gave promise of better things to come, the offense failed to function properly, and drew many penalties, probably losing two touchdowns as the result. The referees stated that the penalties were given because the backfield was in motion but the members of the team say that were in motion because the center passed the ball too slowly.

The team hopes to show better form in its game with Caldwell next Friday night.

The tickets for the special will be 50c.

See Y'a in Caldwell.

## PERSONALS

Joe Newton, Yoe High Graduate of '36, left Saturday to take up studies in Baylor University at Waco. Allen Horstmann will attend Southwestern in Georgetown this year.

Grace Markham and Mrs. Homer Plentl, formerly Miss Joy Lantrip, both graduates of Yoe High School, visited the school on Monday September 14.

**BLACKBURN-SLOCOMB**

Of interest to friends in Cameron was the marriage of Miss Hazel Blackburn of Belton, daughter of Mrs. E. B. Taylor and Casey Slocomb, son of Mr. and Mrs. Don Slocomb, which took place Sunday evening, August 13 in the parsonage of the First Christian church at Belton with Rev. McChish performing the ceremony. The bride was attired in a model of day time blue crepe and wore black accessories. Her only attendant was Miss Lois Thornton of Belton.

The bride was reared in Belton and is a graduate of the Belton High School. The groom is well known in Cameron. He graduated here and spent one year at Draughon's Business College in Houston where he completed his business course.

After a wedding trip to Houston and other points, Mr. and Mrs. Slocomb will make their home in the Gaston apartments.

**DELPHIAN CLUB**

Mrs. La Bertice Robinson was hostess to members of the Delphian Club for its first meeting of the season on Tuesday afternoon. Pink roses and potted flowers were placed about the reception room where guests gathered. A review of the book "Faster-Faster" was given by Mrs. John A. Smith. The hostess, assisted by Mrs. Arthur Baskin, served an ice course with cake.

**CIRCLE FOUR ENTERTAINS**

Circle No. 4 of the Methodist Church, with Mrs. Sam McDermott as chairman, entertained the Friendly Bible Class on Wednesday afternoon at the home of Mrs. W. E. Gaither.

A devotional led by Rev. J. Coy Williams, who was the honor guest for the occasion, was followed by the election of officers for the new year. Mrs. W. T. Whatley was made president; Mrs. H. Slaughter, vice president; Mrs. Penn Wolf, secretary; Mrs. W. H. Stafford, treasurer; Mrs. Juanita Lyons, pianist; Mrs. Susanna Wills, teacher and Mrs. J. T. Baldwin and Mrs. R. L. Batte, assistants.

A musical program was presented under the leadership of Mrs. Loula Clinton and Mrs. Winnie Wittliff.

Refreshments were served at the conclusion of the meeting.

**ENTERTAIN FOR CHOIR**

Members of the Methodist Choir enjoyed a social gathering Wednesday evening following choir rehearsal, given by Mrs. F. R. Dunlap and Mrs. A. J. Triggs. A number of interesting games and contests were enjoyed under the leadership of Mrs. W. H. Stafford and Mrs. Nadine Sapp.

The hostess served a salad plate with iced drink.

**FRIDAY NIGHT BRIDGE**

Mr. and Mrs. Earle Burke entertained members of the Friday Night Bridge club for the week with three tables of players for games of contract.

Holding high scores for the evening were Mr. and Mrs. George William Triggs, who received attractive trophy rewards.

The hostess, assisted by Mrs. Gaston Barmore, served a salad course with iced tea from tables centered with bowls of pink zenias.

**CURRY CLUB ELECTS**

On Friday, September 18th at 3 p. m. Mrs. Guy Chandler was hostess to the Curry Home Demonstration Club. This was the annual business meeting. There were 12 members present.

The meeting was called to order by the president, Mrs. Jesse Coward, and the roll was called and members answered by reading their annual club report. Officers for the following year were then elected as follows: Mrs. Ethel Brewer, president; Mrs. John Hause, vice president; Miss Ethel Angell, secretary and treasurer and council representative; Mrs. Sam Brewer, recreational leader; Mrs. Tom Turner, parliamentarian; Mrs. Jimmie Angell, reporter; Mrs. John Hause, vegetable cookery demonstration; Miss Martha Moraw, wardrobe demonstrator. At the conclusion of the meeting the hostess served refreshments.

**KEMP-COOK**

Announcement of the marriage of Miss Mary Louise Kemp to Henry L. Cook in Waco on Sunday, has been received in Cameron. They will make their home in Galveston.

The bride will be remembered here by a host of friends. She is a cousin of Judge Jeff T. Kemp and the daughter of the late M. M. Kemp, pioneer Cameron business man.

**DINNER**

Mr. and Mrs. Ross Smith of Austin and Mr. and Mrs. Prothro Deer of Hebronville, were dinner guests of Mr. and Mrs. J. B. White on Tuesday night.

They were in the city on a week end visit but remained over for two days, leaving immediately Tuesday night following the dinner, for Austin.

Mrs. Smith was the former Miss Serena Fae Taylor, Goliad, daughter of the late Buck Taylor and granddaughter of the famous pioneer, Joseph Taylor of Goliad. Mr. Smith was for a number of years a resident of Milan county, the plantation of his mother embracing the old Holtzclaw farm near Tracy.

Mrs. Deer is a sister of Mrs. Smith, was the former Miss Doris Taylor of Goliad, also a granddaughter of the late Joseph Taylor. Mr. Deer has been living in the Valley country for several years. They were married a year ago.

Mrs. Smith and Mrs. Deer are cousins of J. B. White, editor and publisher of the Herald, whose grandmother was a sister of the late Joseph Taylor of Goliad. The family became famous in their relationship to progress in the days of reconstruction in Texas, the Taylor sons being Confederate soldiers. They later became wealthy cattle and land owners in Southwest Texas, principally in Goliad and DeWitt counties. Alonzo Taylor, brother of Mrs. Deer and Mrs. Smith, is now Sheriff of Jim Hogg county and a ranchman.

Mrs. White served a beautifully appointed and appetizing four course dinner.

**RALLY DAY PROGRAM**

The women of the Presbyterian church held a rally day program Monday afternoon at the church with Mrs. Graham Gillis, secretary for religious education in charge, and assisted by Mr. Guy Newton, Mrs. Judd Davis, Mrs. Sam Henderson and Mrs. Reddick.

Miss Minnie Wohleb sang a song, accompanied on the piano by Mrs. W. T. Hefley. Following the program refreshments of iced grape juice and sandwiches were served by Mrs. Emory B. Camp and Mrs. J. B. White.

**METHODIST SOCIETY**

The Women's Missionary Society of the First Methodist Church had its first meeting on mission study Monday afternoon with 34 members present at the circle meetings held in the homes of Mrs. D. H. Slaughter, Mrs. N. C. Tate, Mrs. LaBertice Robinson and Mrs. John Olson. The subject for study was "Preface to Racial Understanding."

**CHURCH SUPPER**

A fellowship supper for the intermediate department of the Methodist Sunday School in honor of two outgoing classes to be promoted to the young people's department the last Sunday in October, was held Sunday evening at 6 o'clock in the basement of the church. About 40 guests enjoyed a two course supper and a general fellowship meeting with the pastor, teachers and officers also present. Mrs. J. Coy Williams is president of the department.

**CANAL ZONE CHIEF**

Recent photograph of Col. Clarence S. Ridley, U.S. Corps of Engineers, who has been designated by the President to succeed Col. Julian L. Schley as governor of the Panama Canal Zone. The new governor is a native of Corydon, Ind. He saw service in Cuba, Hawaii and the Philippines, and was military aide to President Woodrow Wilson during the World war.

**Millions of Bats**

Near the entrance of the Carlsbad Caverns, New Mexico, is a cave extending back half a mile, where it is estimated 3,000,000 bats live.

## Non-Descript Football May Topple Yoemen

By THE PEEPING REPORTER

The Cameron Yoemen defeated the Marlin eleven last Friday night on the Yoemen gridiron in Cameron by a score of 19 to 0. This game was the first game of the season and a non-conference tilt.

Some 1500 fans turned out to see the little Yoemen eleven function for the first time and were met with the disappointment of witnessing a scrub football game.

**Joe Looks Bad**

The punting of Joe McLean, a prospective all-district back field man, was superb, but his passing showed lack of training. McLean was unable to place a single pass Friday night. The Marlin team was unable to check McLean in his off tackle plays but he shows much need for training. After running 55 yards for a touchdown, McLean had to call time out to catch his wind. That was a bad sign for Joe.

**Dero Is Nervous**

Dero Underwood, the fast little half back, was nervous and fumbled on practically every punt that he attempted to catch. His timing of plays was poor making it impossible for him to complete passes and execute effective blocking. Underwood has a good chance of making one of the best half backs the Yoemen have had in years.

**Turner Good**

Luie Turner, Yoemen back, showed splendid form Friday night but he still has the habit of fumbling the ball.

**Mode Cost Yardage**

Gerald Mode cost the Yoemen plenty of yardage Friday night by pulling out of his position before time which threw him in the way of practically every play. Mode was splendid on the defense.

**Guess Real Star**

Clifford Guess, little Yoemen guard, played a good game and shows signs of doing better later on in the season. Guess broke through the line time after time and made the tackle but he was tackling too high. Guess won't be able to stop a big man unless he learns to tackle low.

**Kennon Must Learn**

Harry Kennon caught a punt on the 5 yard line just to show his "snake hips" and brought the ball up to the 10 yard line where he was brought

down for a loss of 10 yards. Had he let the ball bounce over the goal it would have been brought back to the 20 yard line. Kennon will have to use his head in a football game.

**Hatch at End**

Floyd Hatch promises to make a good end but he ran in too quick Friday night on the kick off plays, allowing the Marlin backs to circle him.

The Yoemen stand a good chance of being the best light team in Class B if they will realize that they will have to depend on head work to win for them instead of weight.

**To Caldwell**

The Yoemen will play Caldwell in Caldwell tomorrow night and unless they play better football than they did against Marlin they will be defeated by 36 points.

**EPISCOPAL AUXILIARY**

The Woman's Auxiliary of the Episcopal church met Monday afternoon for study with Rev. J. P. Love giving the discourse. The study embraced the missionary journeys of St. Paul with reference talks given by members.

## Plea Is Made For Nursing School Supplies Here

Some months ago Cameron was fortunate in having a Nursery School established by the Works Progress Administration in the old school building on the west side of town.

The School Board and the Chamber of Commerce co-operated by furnishing articles required of the community for this project, with the exception of some smaller articles received from individuals.

## Gives Employment

This school has been the means of giving employment to several women, as well as being a benefit to about thirty children of pre-school age. This school offers wholesome play, well planned meals, and definite rest periods seven hours a day, five days out of the week.

## Supplies Needed

With enrollment to be increased to forty, the school will need additional saucers and spoons, as well as toys suitable for four or five year old children.

Please contribute these articles and enjoy taking them to the children in the southwest room on the second floor of the old school building.

The lurking cold germ is waiting for your defenses to be lowered. Leading doctors tell us that fifty per cent of all disabling diseases start with a "common cold." America's Public Health Enemy Number One, the common cold germ, strikes with such viciousness that sixty per cent of the population has three or more "colds" each year. Think of this startling total of over two hundred million illnesses—many of which could be avoided with adequate heat and proper ventilation throughout the home.

## Banks Believe

—in finding reasons for trusting people.

**T**HE banks of this country are now lending some seven billion dollars to borrowers in what are generally classed as "unsecured loans" for business purposes.

This means that no tangible form of wealth such as real estate, stocks, bonds, or commodities have been pledged by the borrowers to secure repayment of these loans. They are, however, secured by a far more valuable pledge than tangible wealth. Back of each loan is the proven integrity, the good faith and determination of the borrowers to carry through to a successful conclusion the purposes for which they made these loans.

This bank is always seeking new business friendships with men whose character and abilities entitle them to credit.

## AGED PROSPECTOR FINDS TOO MANY IN FIELD; QUILTS

Lost of Lost Generation of Westerners Retires to Daughter's Home.

Yellowstone Park, Wyo. — After nearly 50 years of living the life of an early westerner, freighting, trapping, cattle raising, and placer mining, the last of a lost generation of the west recently passed through Yellowstone national park with his packhorse and mule on the way to rest at the home of a daughter.

In 1879 A. J. Stanbery came to Leadville, Colorado, as a freighter from Montgomery county, Alabama, after having worked in Oklahoma territory. In 1880 he helped build the railroad over Marshall pass in Colorado, turning to cattle and horse ranching in the states of Montana, Oregon, and Colorado after 1883.

Placer mining, his livelihood for the past eight years, had gradually become poorer as more and more men entered the field with the rise in the price of gold. Finally the weight of 78 years forced the old-timer to take his last long trip from the valley of the Snake river in Idaho to southern Wyoming, where Mrs. Elmer Henerby, a daughter, makes her home. A few little grains of yellow washed from some Idaho mountainside gave the old prospector the 25 cents a day he needed to buy his bread, potatoes, and bacon as he continued his trek through the park on his way to Fort Bridger.

### Park Visitors Gawk

A day after entering the west gate of the park, dude and sage-brusher gawked in turn at the curious figure with his two pack animals slowly trudging past the cone of Old Faithful geyser. Cameras were turned from the geyser to snap the old-timer who knew his cameraworth. "If'n they want to take my picture, they outer be willin' to pay two bits, for you'll never see an outfit like this again."

"Not that I haven't been flat broke many times afore this. The silver panic of 1903 broke me up in the cattle business; and this here depression put me out in the cold on gold panning." With this the one-time rancher and prospector brandished the double-duty frying pan used both for placer mining and frying bacon and potatoes.

"Once I had 500 head of beef on the range near Ray, Colorado, and ranched in every dern state in the Rockies from Old Mexico to Canada. After I finished ranching on the Flathead Indian reservation in Montana, and running horses near Baker City, Oregon, I took to prospecting and made as much as \$20 a day; but this here depression got me. There ain't no more decent living from prospecting, and the trapping for the last two winters near Montrose, Colorado, and on the Piute river in Idaho warn't no good."

### Covers Much Ground

"Guess, I'm about done anyway, but I got the best saddle horse, Buck, and with Baldy, a good pack-horse, and the best dern mule in the West, Becky, I won't starve."

Eight years had seen the prospector journey from Idaho to Old Mexico in search of gold which once provided him a comfortable living. But he says with the rise in the price of gold, placer mining has proved unprofitable lately because depression-born prospectors coming in droves have been "digging and messing the gold up."

### Rise in Juvenile Crime Is Reported by Britain

London. — Another increase in juvenile crime is reported in the home office bluebook of crime statistics.

While the number of child criminals increases each year, there has been a decline since 1932 in the number of adult offenders. The proportion of juvenile offenders per 100,000 population increased from 370 in 1933 to 439 in 1934.

"Detection of juvenile offenses is seldom difficult if police inquiries are instituted," says the report. "The more attention the police give to the investigation of minor crimes, the larger will be the number of child offenders charged with juvenile delinquency."

Deterioration of parental discipline and leniency to children found guilty in juvenile courts are suggested as possible reasons for the increase.

The number of children charged with indictable offenses rose from 12,000 in 1911 to 18,000 in 1930.

### Beavers Ruin Trees and Farmer Can't Do a Thing

Great Bend, Kan.—Fred Schlesinger, farmer living 23 miles north-east of here, faces a real dilemma.

A colony of beavers on his farm have gnawed down several trees, one being a valuable cottonwood fifteen inches in diameter at the base. Schlesinger prepared to shoot and trap the beavers, but learned it is against the law to do either.

Just how to save his trees and not violate state laws is the problem he must work out.

### Busy Jail Opening

Buffalo, Tex.—Buffalo completed its first jail just in time. It was completed one afternoon. That night six persons were put behind the bars.

## HUDDLE HIGHLIGHTS

(From the Southwestern Conference)

This fall the visiting teams as well as the visiting patrons to Rice football games are in for a muchly deserved treat. Improvements will be completed this week on the Field House, giving complete facilities—including dressing rooms, showers and other necessities that go along to make a Field House complete. A new parking lot adjoining Main Street will be available to visiting patrons. Every effort is being made to accommodate visitors to the "City by the Sea." Additional tiers, estimated to seat around 200 persons in the West Stands, will probably be in readiness when the Owls entertain the Fightin' Farmers in their first home game of the season, October 10.

### Rice at L. S. U.

A much publicized friendly feud will be renewed September 26 at Baton Rouge, when the Rice Owls tangle with the prancing Bengals from LSU. This will be the ninth meeting of the Two Schools—the previous games having been equally divided, three victories apiece and a couple of ties thrown in to further agitate the "Martin and Coy" condition. The "sweet tooth" of the Owls, responsible for the lone defeat of the Baton Bengals last season, should be well satisfied, for in all probability it was the strenuous "stirring" they gave the Tigers that turned them to "Sugar" instead of the Rose Bowl. So you see, Sport Lovers, the pigskin is in for a terrific lacing the night the Owls and the Tigers claw their way to a finish match, regardless of which team gets the breaks. Unless our correspondents misinform us—characteristic of their respective monickers, the Owls will take to the air while the Bengals stage a punishing ground attack.

### Broadcast Again

The broadcasting System afforded last season by the Humble Oil & Refining Company will be at your service again this fall. The mike will be attended by that Ace of radio commentators, the personable Kern Tips, a veteran of many interesting broadcasting programs. He will be ably

assisted and abetted by Bryum Saum, TCU athlete and one of the most promising young specialty announcers in this section. Possibly in the radio booth along with these capable painters of word pictures, will be Cy Leland, erstwhile Frog back of a few months ago. So all you fans and Fanettes can pull up that easy chair on Saturdays, sip that cool glass of beer and enjoy Southwest conference games under conditions most adverse to the trying weather characteristic of the Southwest.

### Rice End Injured

We regret to pass along the bad news that Frank Steen, important cog in Rice end play, is still suffering from the severe cut over his left eye received in the Rice Demonstration staged at Rice Field last Friday night. Who says those Rice Owls do not put on a good show.

### Picks Longhorns

Our worthy friend, Mark Hellinger, noted correspondent, picks the Texas Longhorns to top the conference. On paper his predictions appear a little hazardous, but just in passing let us say that Hellinger is good at his predictions. He's the same fella' that picked Lou Ambers to topple the boxing crown from Tony Canzoneri last week, and he did, despite the fact that Tony was a 9-5 favorite at the ring time.

Johnny Morrow, tobacco-chewing gridster from Wortham, Texas, appears to be set for a spectacular season this year with the Aggies. One of the best in the conference last year, he is this year being groomed to fill the shoes that Coach Homer Norton brought with him from Centenary, which were formerly worn by Paul Geisler, All-American of a season or so ago. Johnny's got the spirit of ability and with the support that he will get from his colleagues this fall, he may fulfill Coach Homer's fondest dreams. Here's wishing you luck, Johnny.

for a two day showing October 4 and 5.

Frederic March has the stellar role with beautiful and talented Olivia de Havilland playing the leading feminine role.

### Warner Bros. Show

In order to give this sweeping panoramic story the significance and magnitude it merited, Warner Brothers, the producers, are said to have spared neither time nor effort nor cost. In fact, more than two years were spent in preparing the script, in research work to make perfect the atmospheric settings, and in the actual filming of the many intricate scenes.

### Background Gorgeous

The colorful and picturesque backgrounds are set in five countries on three continents. The scenes open in France, in the beautiful countryside and a great chateau, sweep through the Swiss and Italian Alps to the quaint city of Leghorn, Italy, then to Havana Cuba, on to Africa and the great slave marts of other days, back to Italy and again to France to the court of Napoleon Bonaparte.

### Operas Contribute

The presentation of portions of two operas adds to the magnificence of the production. Number one was written especially for the picture by Aldo Franchetti, former conductor of the Chicago Opera Company. The second is the famous "L'Orfeo," and is produced on a mammoth scale in a replica of the Theatre de la Opera of Paris.

### Frederic March

Frederic March, who proved himself a dashing hero in "The Barretts of Wimpole Street," "Smiling Through," "Dark Angel" and other big productions, has the title role.

The leading feminine part is played by Miss de Havilland, who started the film world by her exceptional performances in "A Midsummer Night's Dream" and "Captain Blood."

## Dog Howls if He Doesn't Get "Chaw"

Springfield, Mo.—Boy, an English pointer owned by Justice John S. Bell here, is an inveterate tobacco "chewer." The dog, who likes it plug cut, sucks the quid rather than chews it. He took up the habit four years ago and howls if he doesn't get tobacco on demand.

## FEMALE NOW MALE; MARRIES EX-CHUM

Mary Weston, Former Champion, Becomes "Mark."

Plymouth, England.—The strange story of a record-breaking English woman athlete who turned into a man and then took as his bride a girl chum of earlier days was unfolded here recently.

The bridegroom is Mark Weston, thirty, who until a recent operation was Mary Edith Louise Weston, and the bride the former Miss Alberta Bray.

"We were friends as girls and now we are married," Weston said, in revealing the strange romance.

"She is a girl in a million. All through the anxious years of my change, from 1928 to the real operation in May, Alberta has been a real friend."

Said the bride:  
"Mark has always been the one to whom I turned for help, long before he became a man. Somehow one could always depend on him."

Tall and with a mass of dark wavy hair, the former Miss Weston won the British women's javelin throwing championship in 1927.

The following year she became British woman shot-put champion, and in 1930 represented England in the discus, javelin and shot-put events at the third women's international meeting in Prague.

In 1934 she won the women's international shot-putting championship and then retired from active competition because her metamorphosis had reached such a stage she felt she could no longer qualify as a woman.

Following her retirement, Miss Weston built up a lucrative business as a masseuse. Mark Weston has now embarked upon a new career as a masseur.

## Boy, Tallest Among All Giants, Is Still Growing

Alton, Ill.—Robert Wadlow, nineteen-year-old Alton giant, is now eight feet five inches tall and weighs 425 pounds, according to figures given out by his father, Harold T. Wadlow, an engineer. This measurement and weight, taken by the father to show the youth has gained about an inch in height and has taken on 35 pounds since his birthday February 22.

As was published in the Globe-Democrat, young Wadlow on his eighteenth birthday had a height measurement greater than that of any giant accepted as authentic by Dr. Harvey Cushing in a treatise published in 1912.

Wadlow's present height makes him an inch taller than the Russian giant and the Irish giant, Byrne or O'Brien. From skeletal measurements of those giants, Dr. Cushing and other experts have deduced that in life each was eight feet four inches tall, or one inch short of the present stature of the still-growing Alton giant. Ella Ewing, famous Missouri giantess, was eight feet three inches tall.

## Friendly Scrap Results

### Fatally to Two Germans

Munich.—Two peasants died as the result of a friendly "strength testing" wrestling bout.

The men, Josef Gedler, aged twenty-four, and Josef Helz, aged twenty-seven, both of Kaffbeuren, South Bavaria, were returning home from a church service when they stopped at a local inn for a glass of beer.

In the good-humored wrestling match that followed, Gedler struck his head on a table leg and died twenty minutes later from a fractured skull. Helz, as a result of overexertion and the shock of his friend's death, had a heart attack and died the same night.

## Pennsylvania Is Larger,

### New State Survey Shows

Harrisburg, Pa.—Geographical surveys made during the last several months reveal Pennsylvania to be larger by 176.33 square miles than previously credited.

The long-accepted figure gave the Keystone state's area as 45,126 square miles. The actual area is 45,302.33 miles. The increase is about one-half the size of Philadelphia.

### Copper Output Huge

Salt Lake City.—During the last decade and a half, the Utah Copper Co. has supplied one-seventh of all the primary copper production or 6 per cent of the world's production, according to D. D. Moffat, vice president of the company.

### Old Lamp Still Burns

## SAGA OF "SILVER DOLLAR" TABOR IS BROUGHT TO CLOSE

Relics of Colorado Millionaire Mining Man Are Sold Under Block.

Denver, Colo.—Gone!

The auctioneer's hammer falls as another memento of Horace A. W. Tabor is sold. The story of the millionaire silver king who died broke is finished. As his possessions are scattered only memories remain.

The "Silver Dollar" Tabor saga is ended.

The state historical society is preserving some mementoes. Mostly the belongings of this May and December couple are going as bargains. The auctioneer dangles articles before eager bidders. His foghorn voice booms out the story of "Haw" and "Baby Doe"—and of their beloved child—Rose May "Silver Dollar" Tabor. It is the story of a rise to fairy-tale heights paved with silver and jewels—a crash to sordid depths and desolate deaths.

### Went to Colorado.

Elizabeth McCourt was one of fourteen children, daughter of Peter McCourt, wealthy lumberman of Oshkosh, Wis. She married Harvey Doe, whose father was also a wealthy Wisconsin lumberman, and with him the young beauty went to the rough mining camps of Colorado.

It was out there that she met Tabor. He had been a wandering stonemason, but in Leadville he settled down to running a grocery store. His frugal Vermont wife scrubbed and washed and skimped for him. A generous man, Tabor, and he grubstaked two Dutch miners. They struck pay dirt. His share was \$1,300,000. A wandering prospector picked him for a sucker. He "salted" an apparently worthless mine and sold it to Tabor. It was the Matchless, of which Tabor later wrote his wife:

"I sometimes believe the wealth of the Matchless is inexhaustible."

The mine had already made \$11,000,000 for Tabor when Baby Doe came west. Her beauty was famed through all the mining camps when Tabor, many years her senior, met her and fell in love with her. He and Baby Doe obtained divorces. Then they went to Washington, for Haw had become United States senator. With President Arthur and the cabinet as guests, they were married.

The silver king showered gifts on his young bride. He built a mansion for her in Denver.

### Stripped in Crash

Then came the crash of 1893. Tabor was stripped.

The former grocery proprietor was given the job of Denver postmaster, but he died a year later from appendicitis. The silver bonanza had petered out, but he still believed it would come back. With his dying breath he begged his young wife:

"Hold on to the Matchless."

And so the beauty spent the rest of her life proving her undying love and fidelity for the greatest man she had ever known. For forty-one years she lived in the hope that the mine would come back as her husband had believed. She borrowed and begged money for mortgages. But it was futile.

A year ago they found a frozen old crone at the mine. For days she had been dead and no one knew. Wrinkled and haggard with eighty-three years of spectacular living, Baby Doe lay on the floor in remnants of a wardrobe that once made her the best-dressed woman in Denver.

## Stolen Bonds Are Found;

### Owner Trebly Enriched

St. Louis, Mo.—John H. Bruninga, local attorney, tripled his money as the result of being robbed.

Bonds valued at \$6,842 were stolen from the attorney's office four years ago. They were recovered recently and during the four-year period had become worth \$21,996.

A tourist found the bonds in Estes park, Colorado. He saw them lying along the roadway in a remote section of the park. The tourist, Roy Bergman of Chicago, turned them over to a broker for tracing. Through serial numbers it was learned they were bonds stolen from Bruninga four years ago.

Apparently the thief threw the bonds away after unsuccessful efforts to cash them.

## Guards and Not Felons

### Make Prison Complaint

Lansing, Kas.—It is the guards, not the prisoners, who are complaining most bitterly about conditions at Kansas state prison. Deputy Warden E. M. Stubblefield ordered all chairs and stools removed from the prison guard towers. "The guards can't perform their duties properly sitting down," Stubblefield said. "We even have to eat standing up," said one of the guards.

## Attack

(Continued from Page 1)

brutally beaten and left on railroad track to be killed by a passing train last Wednesday night, 7 miles out of Rockdale on the Lexington highway.

McRae was returning to his home in Rockdale about 7 o'clock Wednesday night after having visited with friends in the Tanglewood community when he was overtaken by three men in an automobile. McRae was driving his automobile at a modest rate of speed when the approaching machine drew up beside him, attempting to crowd him out of the road. Before McRae could stop his machine one of the attackers leaped on his running board and switched off his lights, forcing him to stop.

### Attacked By Three

The attackers then got out of their machine and came over to where McRae was parked and demanded him to get out, saying that he was the man they were looking for. The minister tried to tell the attackers who he was and that he couldn't be the man they wanted. "I tried to talk to the men and tell them who I was; I told them I could drive to Rockdale with them and prove my identity but they would not listen to me. They dragged me from my car and one of the men cut me on the breast and arm with a knife; after which I was thrown to the ground and beaten until I was unconscious," McRae stated. "When I came to, I was lying on the railroad crossing some distance from my car, with my arm cut off." McRae had been placed on the track by the attackers to be killed by the passing train but had rolled off, leaving only his arm across the rail. His arm was cut off a few inches below the elbow.

### Men Drunk

"I am sure all three men were drunk and didn't know what they were doing. I had never seen the men before and I am sure that they didn't know me nor did they have any reason for attacking me," McRae said. After regaining consciousness, McRae, weak from loss of blood, walked to his auto, got in and drove a mile to a filling station where he received help. The filling station attendant rushed him to the Cameron Hospital.

### Saw Train Coming

"Once while lying on the railroad track I remember raising up and seeing the train coming, tried to flag it

thinking it was a car. I do not remember when the train struck me," McRae stated. The engineer of the locomotive failed to see McRae and did not stop.

The Rev. McRae has made his home in Rockdale for the past year and has lived in the Rockdale community for a number of years. He is pastor of the New Salem Baptist Church.
